SUBJECT: Weekly Activities Report #14

A. SIGNIFICANT ITEMS

1. I wish to record a word of appreciation to the A & E Staff for their excellent cooperation and support. We have taken joint looks from time to time at our working relationships and have developed improvements in the handling of testing and interviewing which are most helpful. We are particularly pleased with the participation of their staff in the preliminary interviewing of applicants.

2. Although the statistical annex continues to estimate a class of 75 for July, I am beginning to think that it may end up closer to 65. We are losing a few good cases simply because we are unable to make a firm offer in time to meet the competition, particularly now that graduation day has passed. It is not the fault of any part of our processing system; on the contrary, we have never had better cooperation from the Offices and Staffs concerned. It is a natural consequence of a necessarily lengthy clearance and processing procedure. That being the case, I believe the first obvious step is to put more candidates into process earlier, and that becomes our operating objective.

B. NORMAL ACTIVITIES

1. We had assignment discussions this week with DD/P representatives and with members of the OC. Details are not yet available for inclusion in this report but will be forwarded next week.
